THE WORLD NEEDS MORE HAPPY!

As of 2014, Baby Boomers born between 1946 and 1964 are now all over the age of 50, all 76 Million of us! As we age it's only normal to worry about our future and things like our financial, physical and mental health.

According to AARP, To conserve spending and help make ends meet 51 Million Americans live in multigenerational homes and those numbers are increasing. Many older workers can't find jobs so they are creating their own and being dubbed reluctant entrepreneurs.

Baby Boomers are retiring earlier and living longer. So what do we do with all that extra time? Volunteering and working part-time helps pass the time, keeps your body fit and your mind alert with a good positive attitude and the satisfaction of helping others.

Being a Boomer myself, I wanted to step up and help by creating a lot of the iSexy Party Network® with Baby Boomers & Seniors in mind, resulting in the Boomer Project! Below I have suggested several things that could be the answer to some of your personal wants and needs!

Disco Happy Hour was created to honor and celebrate the Original Party Animals, our respected and beloved Seniors and Baby Boomers, who beginning during the Rock 'n Roll 50s thru the Disco 70s & beyond, set the standard for how we party even to this day!

Happy Hour's back and it's like it never left! Young spirited Seniors & Baby Boomers come dressed in the style and dance to the music from the Disco Era! If you don't use it, you loose it! Younger generations are always encouraged to attend to learn a little bit about history and how to have fun without hand held devices!

Disco Happy Hour is available in two themes, Senior Prom & Classic Reunion and both are powered by Redbeats.net, our DJ Mixing Board & Music Pool!
